Exclusive use brochure

2025/2026

Bordering the golden sands of Coppet Hall beach, Lan y Môr is a haven between land and sea, floating against its tree line. Reflecting the curve of the beach and the rolling waves it overlooks, the restaurant is a bold statement of modern architecture, complementing its irresistible natural setting. Undeniably, it sets the tone for everything that happens inside.

Embrace the 'hwyl' in life through great Welsh food and cooking. Share the freshest, natural and nourishing dishes, prepared with love and attention, with your friends and family, while soaking in the breathtaking coastal views. It's a match made in Wales.
